Date / Time: January 25, 2021 / 5:00 p.m.

Meeting called to order by Councilmember Bosse at 5:00 p.m.

In Attendance: Councilmember Lili Bosse, Councilmember Julian A. Gold, MD, Chuck Aronberg, MD, Sonia Berman, Mark Elliot, Fred Fenster, Steve Mayer, Debbie Weiss, and Thomas White

City Staff: City Attorney Larry Wiener, City Auditor Eduardo Luna, City Clerk Huma Ahmed, Assistant City Manager Nancy Hunt Coffey, Director of Community Development Susan Healy Keene, Chief Information Officer David Schirmer, and Assistant City Clerk Lourdes Sy-Rodriguez

1) Public Comment

Members of the public will be given the opportunity to directly address the Committee on any item listed on the agenda.

*Steve Mayer requested additional time to conduct the meeting so that all items may be discussed. Thomas White recommended that items be prioritized and important matters be first on the agenda. Councilmember Bosse asked Mr. Mayer to work with Assistant City Manager Nancy Hunt Coffey on prioritizing items.*

*Mr. Mayer also asked whether the City Council Policy and Operations Manual is a topic that should be discussed by the Sunshine Task Force Committee. Councilmember Bosse agreed with Councilmember Gold that this matter is the purview of the City Council and should not be discussed by the Committee before the City Council does.*

2) Approval of December 14, 2020 Highlights

*Moved by Fred Fenster*

*Seconded by Chuck Aronberg, MD/Thomas White*

*Committee approved the December 14, 2020 Highlights*

3) Report From Subcommittees on:

a) Revocation of Permit Ordinance (Debbie Weiss)

*Assistant City Manager Nancy Hunt Coffey spoke briefly about the Revocation Subcommittee meeting held on January 20<sup>th</sup>. City Attorney Laurence Wiener summarized what transpired at the Subcommittee meeting and requested that there be another Subcommittee meeting to further discuss the item prior to bringing it back to the full Committee at the next meeting.*

b) Public Access To Building Plans (Thomas White)

*Thomas White spoke about the Subcommittee's meeting with the City's outside Counsel regarding copyright ability. He stated that the Counsel will provide the Subcommittee a memorandum policy analysis and recommendation which will be brought to the full Committee for discussion. City Attorney Laurence Wiener added that the Counsel will explore a suggestion from Ron Richards involving public access to copyrighted materials. Councilmember Gold asked about cost and the City's liability.*

c) Ongoing Inadequacy of Document Searching Results on City website (Mark Elliott)

*Thomas White reported that he met with Chief Information Officer David Schirmer and staff to discuss this item, and that Mr. Schirmer is working on a long-term plan. Mr. Schirmer responded to questions regarding the timeline, a punch list of items that IT is working on, and enhancements/replacements to Granicus. He reported that he will present information to the Committee and the City Council at a future meeting.*

4) Brief Updates

a) Request for Related Public Records to Accompany Closed Session Agenda items (Thomas White)

*Thomas White reported that he discussed this item with City Attorney Laurence Wiener and that they have agreed to craft a policy to address how the public can have access to Closed Session agenda item records. Mr. Wiener will present a list of recommendations for the Committee's discussion at a future meeting.*

b) Legislative Advocate Ordinance revision (Larry Wiener)

*City Attorney Laurence Wiener reported that this item is scheduled on the February 2, 2021 City Council Regular Meeting as a recommendation from the Sunshine Task Force Committee.*

c) Post-Covid Meeting Participation (incorporating Zoom and call-in)

*Assistant City Manager Nancy Hunt Coffey and Chief Information Officer David Schirmer reported that the Council Chambers and the Commission meeting room have already been physically set up for the re-opening and conducting public meetings at City Hall. However, staff is still working on the technology for hybrid meetings so people can participate in meetings either remotely or at City Hall, and equipping additional meeting rooms with technology for simultaneous recording and broadcasting. Staff will report the costs associated with the preparations at a future meeting. Councilmember Gold suggested researching what other agencies are doing and learning from their experiences.*

d) Lack of Hyperlinks in Commission/Committee Reports

*Assistant City Manager Nancy Hunt Coffey reported that staff is working on this item.*

e) Public Notification of Filming

*Assistant City Manager Nancy Hunt Coffey reported that there is presently no signage at City Hall notifying the public that meetings are being recorded. She noted that the speaker cards used for Council meetings only notify the public that "all information provided becomes a public record" but there is no reference to being videotaped. Councilmember Gold provided suggested language that should be included in the signage or notifications to the public regarding being videotaped. Councilmember Bosse suggested that the Mayor/Chair or person in charge of the meeting make a statement at the beginning of the meeting's public comment warning them that the meeting is being videotaped and broadcasted. City Attorney Laurence Wiener clarified that there is no State law requiring the City to broadcast and thus cannot claim that it is pursuant to State law. City Clerk Huma Ahmed stated that staff will work with the City Attorney to add the appropriate language to the agenda.*

f) Disruptive individual in Zoom era – Does anything need to be changed?

*Councilmember Gold explained that this item is about finding a balance on how to be sensitive to what people are saying during public comment at the same time for the moderator to be able to conduct the meeting in an efficient manner and finish the meeting on time. He explained that he is referring to people who wish to speak on multiple items and who abuse their allowed time limit for public comment. Thomas White shared his observation that Council meetings have been run efficiently and suggested not changing the current procedures. Steve Mayer explained that in other cities/agencies' meetings that he had attended, extra time is given to individuals who wish to speak on multiple items.*

g) Means & Methods Plans – Need For Additional Disclosure (Mark Elliott)

*Item not discussed.*

5) Public Comment at Commission Meetings That Don't Hold Hearings

*Item not discussed.*

6) As Time Allows:

- a) Commissioner Recusal Procedure (Steve Mayer) – Attachment 2
- b) Stop Work Orders - public availability on CitySmart and OBC (Trousdale Resident – via Steve Mayer) – Attachment 3
- c) Public Meeting Noticing In Covid-19 era (Steve Mayer - New Item)
- d) Agenda Reports – Creating Standard of Minimum Information (Steve Mayer)
- e) Time limits for public comments upon non-agendized items at all Liaison and Committee meetings (Steve Mayer) – Attachment 4

*Items not discussed.*

- 7) Future Items:
  - a) Permit Valuations (Debbie Weiss)

*Item not discussed.*

- 8) Adjournment  
Date/Time: January 25, 2021 / 6:03 p.m.

**RE: COMMISSIONER RECUSAL PROCEDURE**

There is a problem with a lack of procedure for Commissioner recusal.

In the past year, there have been instances when a Commissioner has recused his or herself.

In two of those occasions, the Chair allowed the recused Commissioner to provide public comment from the dais.

Public comment from the dais is not in conformity with the Brown Act. Further, the Commissioner Handbook provides no guidance on the issue of recusal.

Would the Liaisons be interested in an informal subcommittee developing a supplement for the Commissioner Handbook?

The intent is to provide a step-by-step procedure for the Chair to follow.

**RE: STOP WORK ORDERS – Public Availability On CitySmart or OBC**

Should Stop Work Orders be publicly available online?

There was an interesting public comment at the October 13 Study Session.

In essence, a Trousdale homeowner could not understand why a previously issued Stop Work order was not immediately available online to a Planner.

It sounded as though the enforcement database is not publicly available.

Is there any reason why Stop Work Orders should not be publicly available online?

This is part of a larger discussion as to Community Development Department records: *“Is there anything, beyond an architect’s final blueprints, that should not be available online from the Community Development Department?”*

---

Good morning. I am Homayoon Nehoray and I reside at [REDACTED] where my family and I have lived for over 23 years.

I'm writing to respectfully ask that the city review its processes regarding the accessibility of "stop work" orders.

The owner and his contractor at 320 Trousdale place unlawfully removed the existing landscaping walls in the front yard (I would be happy to provide pictures), and have attempted to expand the pad. The contemplated expanded pad and the relocation of the walls will significantly impact the value of my property. My attorney (Mark Egerman, Esq.) and I have contacted the owner and he has ignored all of our requests for a discussion.

I contacted Cindy Gordon on Tuesday, October 6, 2020 and explained the above situation. I emphasized that my attorney contacted Randy Miller and that a "stop work" order was issued in June 2020. (In months following the issuance of the "stop work" order, I had asked Randy Miller for updates. None has been received.)

In my email to Cindy Gordon, I asked that the city deny any permit that impacts the pad at 320 Trousdale Place and enforce restoration of the pad.

Later that day, Cindy Gordon kindly responded to my email and indicated, among others, that

*[She] is not aware of the stop work order that was issued for the property; however, [will] forward this email to the building inspector assigned to the site (Inspector Michael Crofts). Any unpermitted work that resulted in an expansion of the level pad would have to be reversed and restored to its pre-existing condition.*

I was surprised that she could not find the "stop work" order. I replied that Mr. Egerman has the email from Randy Miller that indicated that a "stop work order" was issued.

Six hours later she replied that Inspector Croft confirmed that there is a "stop work" order.

I am not sure why Cindy Gordon could not readily access the "stop work" order. I urge the City Council to review the processes of availability and accessibility of such "stop work" orders by all city staff.

Respectfully,

Homayoon Nehoray

**RE: PUBLIC MEETING NOTICING IN COVID-19 ERA**

How do we be certain that public is made aware of meetings in this Covid-19 Era?

Two weeks ago there was a Planning Commission Liaison Meeting.

It was not posted onto the City's Online Calendar until the day of the meeting.

Yet, at least 10 people's schedules had to be coordinated. This meeting was not a last minute occurrence.

There are two traditional sources for meetings: the library and the City Clerk's office. Both are closed.

Neither are the notices in the Rexford garage are easily accessed.

It fosters the impression that this was done deliberately, so that "Ordinary Joes" are excluded.

What can be done to heighten public awareness?

**RE: IMPROVING AGENDA REPORTS**  
**(Creating Minimum Standard of Information)**

Would the Council Liaisons be interested in creating consistency in Agenda Reports?

There is a lack of consistency in the information provided in some City Council Agenda Reports.

It is most prominent in Consent Calendar Agenda Items as overseen by Policy & Management, but also occurs in other departments.

The most “information deficient” are Closed Session Agenda Items progressing to the Council.

For the recent lease amendments of some City’s tenants, such negotiations were discussed by Council in Closed Session, in some cases, eight times previously. For the Metro litigation, it was agendaized in Closed Session over twenty times.

For the Council, when they are asked, for example, to approve a lease amendment, they already know subject matter, the terms, and the steps taken in the negotiating process.

But the public is seeing the proposed lease amendment for the first time, and do not have the benefit of the discussions from the Closed Session.

How can the “information gap” be narrowed, if not closed?

**RE: TIME LIMITS FOR NON-AGENDIZED PUBLIC COMMENTS  
AT LIAISON & COMMITTEE MEETINGS**

Should there be time limits for Non-Agendized Public Comment at Liaison and Committee meetings?

There has been a periodic problem where a disproportionate amount of time is spent on Public Comment during the Non-Agendized portion of the agenda at Liaison and Committee meetings.

Most of the meetings are scheduled for only an hour, and, usually Public Comment upon Non-Agendized Items is in the five-minute range.

The problem becomes when such Public Comment it extends beyond those five-minutes. Staff has worked diligently to be prepared for that meeting, as has the public.

Various jurisdictions and agencies deal with the issue in various ways

Thus, would the Liaisons be amenable to limiting Public Comment upon non-agendized items at Liaison and Committee meetings to considering any of the following:

- (1) 1 Minute Per Person, or
- (2) 125 Words – Written Only, or
- (3) 5 Minute Total (even if some people have not spoken), or
- (4) No Public Comment

**MEMORANDUM**

**TO:** Councilmembers Bosse and Gold and Members of the Sunshine Taskforce

**FROM:** Nancy Hunt-Coffey, Assistant City Manager

**DATE:** February 22, 2021

**SUBJECT:** Brief Updates

---

Below is an update on a variety of Taskforce initiatives:

- a) Request for Related Public Records to Accompany Closed Session Agenda items (Thomas White)  
The City Attorney's Office has shared some documentation on this topic with Mr. Thomas White.
- b) Post-Covid Meeting Participation (incorporating Zoom and call-in)  
Staff is actively working on the preparations needed to create a hybrid environment for public meetings where members and the public can participate in person or online.
- c) Lack of Hyperlinks in Commission/Committee Reports  
Training will take place for City staff on incorporating hyperlinks into commission/committee reports
- d) Public Notification of Filming  
Staff is developing a statement for the Mayor/Chair to read at the beginning of meetings and to be added to the public comment cards. Signage will be added to the entrance to Council Chambers and the Commission room.
- e) Means & Methods Plans — Need For Additional Disclosure (Mark Elliott)  
Staff has met with Mr. Mark Elliott to review his ideas on means & methods plans. The project is on hold until the rental assistance program is up-and-running.
- f) Updates on Website Search Enhancements (Thomas White/Mark Elliott)  
Staff continues to meet with the Subcommittee to gather suggestions for website search enhancements. Recent work includes:
  - Unified search of 3rd party websites from City's main search tool that includes connect.beverlyhills.org, mobility.beverlyhills.org, and completestreets.beverlyhills.org
  - Creation of a 'Search Portal' with an intuitive guide on how to search various, City databases that includes an 'Advanced Search' feature (ongoing effort)
  - Updates to the Legislative Advocate landing page to provide clearer information to the public
